

Franklin Academy Boynton Beach Parent and Family Engagement Plan Summary

Parent and Family Engagement Mission Statement

Franklin Academy's mission is to develop compassionate, lifelong learners through a standards-based curriculum and intercultural-mindedness. We foster collaboration, high expectations, strong parent partnerships, and character development through community service. We emphasize character development through active service in the local, national, and international community, while adhering to the principle that all children can learn.

Annual Title I Meeting

Each year, Franklin families are invited to attend our Annual Title I Meeting to learn about our schoolwide Title I Program and its requirements. This year's meeting will be on Thursday, September 18, 2025, from 6:00–7:30 PM in the school cafeteria.

Parent and Family Engagement Trainings

We offer trainings to help families understand resources that support their children's academic success:

- *Parent Tech Night: Learn, Click, Connect* (10/18/25) — Understand digital tools to support learning at home.
- *Global Families Night* (11/5/25) — Strategies to bridge language barriers and boost academic success.
- *Empowering Growth for PM3* (2/4/26) — Navigate the state platform and use PM1 & PM2 data to guide learning.

Shared Decision Making

Franklin Families are invited to join meetings throughout the year to receive academic updates and take part in shared decision-making to support student success. We welcome all input at parent conferences, Title I meetings, and trainings.

Communication

Franklin Academy keeps families informed about Title I programs, meetings, and activities in timely, accessible, and inclusive ways. We share information through emails, phone calls, texts, and our website. Materials are available in families' primary languages. Printed materials are also sent home and available at school events and the front office.

Accessibility for All Families

Franklin Academy is committed to making every family feel included in their child's education. We provide translated communications and accessibility to staff who can interpret information at Title I events, meetings, and trainings to ensure all families can understand, participate, and partner in their child's learning journey.

Volunteers

In addition to our required service hours, Families are encouraged to volunteer at our school to help students and teachers be successful. To find out more about volunteer opportunities, please contact our director of school operations Ms. Tina Huelsman. We would love to have your help.

Our Plan

This plan was developed based on the needs of our school and feedback from families, staff, and community members. Since communication is a school priority, we welcome suggestions to strengthen our family engagement efforts. Please feel free to contact Assistant Principal Ms. Yurick or Principal Ms. L'Etoile with any ideas or questions. We also encourage you to attend our annual Stakeholder Input Meeting in the spring and complete training evaluations. Your input is valued and always considered.
