

Adopt-A-Classroom

Boynton Beach Campus

The Adopt-A-Classroom program is for parents, grandparents, community members, and businesses that would like to provide additional resources for our teachers. Most teachers spend their own money to buy supplies or resources to enhance their classroom. Your support assists these teachers in defraying the costs of effectively operating the classroom. Your support will also help the arts and sciences and enables us to enhance technology and other academic programs beyond the scope of our operating budget. Any K-8 classroom, Specials (P.E., music, chess, media, art, Spanish, STEM), as well as ESE, speech, gifted, etc. may be adopted. Keep this in mind if the initial class you would like to adopt is at capacity (\$100 maximum). With your tax-deductible contribution, your name and/or business will be prominently displayed in the adopted room and your business and/or name will be featured in our monthly newsletter. All donations are tax-deductible, and you will receive a letter confirming this.

We encourage those adopting classrooms to be involved in other ways as well. Speak to your classroom teacher, as he/she may need volunteers from time to time. Your business could possibly fit into the curriculum and be a topic of presentation. The teachers really appreciate the support of our parents, grandparents, community members, and business partners. We hope to develop meaningful and long-lasting ties to our community while enriching the learning environment.

Our goal is to have 100% of Franklin Academy classrooms adopted! Please consider adopting a classroom this year. To Adopt-A-Classroom use the Acknowledgement Form below. If you have any questions, please contact PTO at pto-bb@Franklin-Academy.org

Adopt-A-Classroom funds will be handled by PTO. Teachers/Staff will turn in receipts to be reimbursed. Amount will depend on how much is donated to their class (\$100 max). Please be sure to write the order you'd like your donation to go to in case your first choice has already reached their goal.
