

## Join our new Minecraft Club at Franklin Academy

- Minecraft allows students to develop their critical and creative thinking skills as they plan and execute their own designs.
- Minecraft club members will be given a weekly challenge that will require them to research, design, explore, build, and share – all in a safe and welcoming community.
- With Minecraft, children will develop critical online communication, planning, research, and teamwork skills while playing in a safe closed environment.
- The server world is peaceful, no monsters or weapons allowed.
- Cost for club is \$45 and includes our private server.
- Club meets every Friday at 3.30 until 4.30 in the computer lab room 214.
- Mr. Gutierrez will be the club leader. Email [gutierrez.alvaro@franklin-academy.org](mailto:gutierrez.alvaro@franklin-academy.org)
- Clubs payments are by check or money order only (not online) and must include your child's name, homeroom & club name in the memo line. Checks must be made out to Franklin Academy Boynton Beach. Club payments are due by the 25th of the prior month unless otherwise noted. Payments made after the deadline will not be accepted. If registering for multiple clubs, each club must be paid for with a separate check.
