

Carpools

Want to create a carpool with another family? Carpools reduce the number of times you have to drive to school and DashPass provides an easy method for you to create them and even control the days the carpool should be “activated.”

1 2 3

1. Click the “carpool” icon at the bottom of your screen
2. Click the “plus” sign to add a new student.
3. Select or deselect the days of the week.

Sharing the Pickup with Others

If you would like to share your child’s DashCode with another driver:

1 2

1. Go to the Students screen in your DashPass App and then click on the student’s name.
2. Once the DashCode has generated, click the “share icon” to use your phone’s capability to email or text the image to the intended individual. If that individual is with you, they can use their DashPass App to scan the image directly from your device.
