- e. **FURTHER RESOLVED**, that 2015 Technology Bond Disposition form for the Sunrise campus is approved and ratified.

## VI. Presentations

### a. **Dr. Daniel Sandberg, Superintendent of Schools**

#### i. Academic/Curriculum Overview

FAST Data for all campus was shared

In ELA, when comparing PM2 2024-2025 and PM2 2025-2026, the data is trending in a positive direction. ELA results are favorable evidenced by Pembroke Pines K-8 and Palm Beach Gardens K-8 with a notable 10-12% increase from PM1 to PM2 data.

In math, there was some positive data in PM2 data; however, we are not where we want to be. Our staff is working on ensuring the delivery of strong content.

Principals are working with organizations, including Broward College which will help with staff recruitment and establishing relationships that will bear a lot of fruit.

In IXL we are seeing progress in usage across campuses, and we are locked in this and next year with the vendor. After, we will review progress and determine the next steps for the program.

Our LIFT program is up and going and here is a breakdown of this year's trainings:

October- Ms. When and Ms. Hanza IB and Curriculum

November- Technology and Branding by Mr. Sznitken

December- Ms. Fox shared Evaluation System (including human aspect of the process)

Upcoming, Cohort #3 will be reviewed by Mr. Sandberg and Mr. Watts after the break. The choice reviewed will be to continue with the cohort next year or conduct the cohort every two years.

In IB, Ms. Hanza continues to bring in her expertise and works across campuses with programs like Toddle.

A few items to highlight:

Boynton successfully completed their evaluation and will be set for five years.

Cooper City is preparing for their 2<sup>nd</sup> evaluation which will take place in January

Sunrise Campus held an onsite IB summit in October

Cognia was successfully completed, and positive observations shared were the use of cross campus observations, virtual access tools, and vertically aligned PLCs.

b. **Mrs. Alison L'Etoile, Principal/Team (BB K-8)**

i. Staffing/School Update

Staffing Needs- 5<sup>th</sup> & 2<sup>nd</sup> grade

Current 1387, 1 offer

Student transition: 17 withdrawals since September

h. **Mr. Scott Sznitken, Consultant**

i. Organizational Overview/Update

Mr. Sznitken shared Organizational overview as follows:

Marketing and Enrollment: Our December enrollment window opens and will run until February 28. Enrollment will continue on a monthly basis after the initial window.

Service Hours- Currently 181 students are at risk of not having a seat with many of those families having three of the necessary four hours.

Operations- Two big projects taking place include Cooper City's Basketball court and Pines K-8's awning over the bus area.

Schools of Hope- we are continuing to follow closely with no noted changes to the bill so far.

Finance- The Foundation's address will change to the K-12 campus. The current Foundation building is for sale, and we want to be proactive about the change before purchase goes in effect.

- i. **Mr. Richard Moreno, Financial Consultant**
  - i. Financial Review

Finance information shared by Richard Moreno:  
The balance sheet and income statements were shared

## VII. **Resolutions**

**WHEREAS**, the Florida Legislature in its 2025 Session amended § 1001.42, Florida Statutes, to require that, beginning in the 2026–27 school year, middle schools may not begin before 8:00 a.m., and high schools may not begin before 8:30 a.m., and created an exemption process through submission of a report to the Florida Department of Education by June 1, 2026;

Ms. Oshefsky will be polling the community about 3 to 4 possible scenarios and bring the report back to the board at the March meeting to decide to apply for an exemption or accept the resolution.

**WHEREAS** the statute requires that any district or charter school seeking exemption must include in its report the current start times, the strategies considered for compliance, the financial impact of compliance, and any unintended consequences; and

**WHEREAS**, the Board will review operational, fiscal, safety, and community impacts to find out whether immediate compliance with the statutory start times would create significant burdens and negative consequences for students, families, and staff of its middle and high schools; and

**WHEREAS** the Board desires to hear from the school administration and other stakeholders in this process; it has determined that this decision must be made by formal Board action, and not by administrative decision alone.

**NOW, THEREFORE, BE IT RESOLVED** by the Governing Board of **FRANKLIN ACADEMY FOUNDATION, INC.**, that:

1. The Board authorizes preparation and submission of the required exemption report to the Department of Education by **June 1, 2026**.
2. The Board Chair, or designee, is directed to prepare the report in the format prescribed by the Department, including all required factors, and to present a draft to the Board for review and approval in a public meeting.
3. The Board shall hold at least one public workshop or hearing on school start times, and the public input process shall be concluded no later than February 28,

2026, with a summary of all input included in the draft report.

4. The Board will place the draft report on a meeting agenda for discussion and direction following the close of public input and will adopt the final report by formal vote before submission.

5. This Resolution shall take effect immediately upon adoption.

**VIII. Board Member Items**

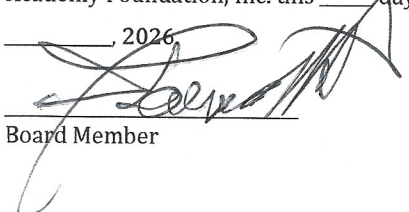

**IX. Items for Next Meeting**

Report from school hours committee

**X. Next Board Meeting**

**XI. Adjournment:** Meeting adjourned at 7:09 PM

Ratified and Approved by a \_\_\_ to \_\_\_  
vote of the Board of Directors of Franklin  
Academy Foundation, Inc. this \_\_\_ day of  
\_\_\_\_\_, 2026
