

Building Better People, Every Day

October 5, 2020

I, Principal Jennifer Nadal, attest that due to the COVID-19 pandemic, state-wide assessments were not administered for the 2019-2020 school year. In accordance with the press release on March 17, 2020 via the Florida Department of Education and Commissioner Richard Corcoran regarding state assessments, accountability and promotion, the following guidance will be in adherence to meet compliance:

- All remaining assessments for school readiness, voluntary prekindergarten and K-12 assessments are cancelled for the 2019-2020 school year.
- Requirements for graduation and promotion, and final course grades will be evaluated as though those assessments which were cancelled did not exist.
- K-12 school grades will not be calculated for 2019-2020 and schools in turnaround may continue their current status for 2020-2021 to avoid disruption to school leadership and operations.
- Eligibility for Florida Bright Futures scholarships shall be based on available data and results. Tests that were not available to be taken shall not be counted.

As a result, our school is unable to provide student assessment results and evidence that a notification was disseminated regarding the students' level of achievement on each of the state's academic assessments for 2019-2020.

Sincerely,
