---	---

The campus is **locked down at 1:55 PM**; no early dismissals after this time. Due to a lack of sidewalks, no child(ren) will be allowed to walk or ride their bicycle to or from school.

During pick-up and drop-off:

- 1) ALL Vehicles enter the campus from the lake entrance on 207th Terrace. Parent & student vehicles proceed to the right to enter the queue lanes. For your safety and to abide by traffic laws do not wait or park on the shoulder of 207th to wait for dismissal. Do not enter the bus loop lane or the student/visitor parking lot.
- 2) Registered carpools arriving during the approved carpool time should enter the campus from the lake entrance and proceed straight. You will need to show your Franklin Carpool Key Fob to be allowed to proceed straight. Carpool vehicles that arrive after the carpool window will proceed around the lake.
- 3) Do not park your vehicle and walk in; do not leave your vehicle idling or parked curbside; do not park offsite or in any "No Stopping" or "No Parking" Zones.
- 4) Middle School Families - The dashboard placard (provided to you) with your child's name must be displayed on the passenger side dashboard the entire time your vehicle is on campus.
- 5) Do not use your cellphone while in the car lane; please look for and follow staff's direction at all times.
- 6) Upon reaching the pick-up / drop-off curbs, pull all the way forward to allow additional vehicles to queue behind you; your child(ren) should be watching for you and follow you to your forward stopping point.
- 7) Cars in the inner loop (closest to the building) will pick-up / drop-off students from the passenger side of the vehicle ONLY. Cars in the outer loop (closest to the building) will pick-up / drop-off students from the driver's side of the vehicle ONLY. Students should never enter or exit a vehicle on the side facing moving traffic.
- 8) Children may use the stairs and the fly-over to proceed from the building to the median and vice versa. Otherwise they MUST wait for the crossing guards to stop pick-up/drop-off traffic before they cross from the building to the median and vice versa.
- 9) Once child(ren) is/are loaded, carefully pull into the by-pass lane to exit.
