## Personally Owned Computing/Network Device Acceptance of Responsibility and Device Use Agreement Permission Form

I \_\_\_\_\_ {Name of parent or guardian}, agree to let  
\_\_\_\_\_ {name of student} bring their personally owned computer device  
for instructional use at Franklin Academy. I understand that the student named above will be permitted  
to use their personally owned device, subject to the conditions of this document.

I understand that if I agree to allow my student to use their own device that Franklin Academy is not  
responsible for any device or data loss, theft, infection, damage or other associated costs of  
replacement or repair incurred during the school day or at home as a result of participation in this  
program. I understand that Franklin Academy staff will be unable to store, support or troubleshoot  
student-owned devices. The student named above will take full responsibility for the device and will  
appropriately secure all devices when not in use.

Franklin Academy uses technological measures such as filtering to promote internet safety. Filtering  
limits students' ability to access harmful internet sites from any device connected to the Franklin  
Academy network, but only when this equipment is used in school on the Franklin Academy network.  
Access through cellular networks does not provide the same measures of filtering. Your student agrees  
only use the Franklin network (not private cellular service) for internet access while on Franklin  
property.

I have verified my student is aware that all aspects of Franklin Academy and adopted School District  
policies apply to the use and care of their personal device while on Franklin property or while involved in  
any Franklin sponsored event/activity. I also understand that am responsible for ensuring any device  
uses security applications to protect the devices from infection and prevent spreading infections from  
the devices.

I understand that the purpose of allowing my student to use their own device is to participate in teacher-approved activities in support of the Franklin curriculum. Use of these devices for unrelated activities beyond or outside the Franklin educational program are prohibited.

Your student may only use their device in the classroom when instructed to do so by their teacher. Texting personal messages or updating personal online accounts during school hours is prohibited unless it is communication with a parent/guardian in emergency situations.

I understand that there are recommended minimum technical specifications required to ensure that the student device will support the Franklin Academy related applications (See Below) and I understand that if my students's device does not meet these minimum specifications their experience may be diminished and may in fact prevent them from successfully participating.

Your student should bring their device(s) to school fully charged, as Franklin cannot guarantee access to electrical outlets.

Franklin does not make any guarantees regarding the campus wireless network availability or quality of wireless signal. Network outages may occur without notice. I understand that signal strength may vary depending upon the location in the school and the number of devices simultaneously connecting to the network.

Franklin Academy faculty and staff may read, examine, or inspect the contents of any personal device upon reasonable suspicion that the recent utilization of the device may cause security concerns to the Franklin Academy network or that it contains evidence of a violation of these or other rules and policies, as well as any local, state or federal laws.

I understand that my student may be asked to download free applications that the teachers use for classroom activities and I should inform my student ahead of time if I/we do not want them to do so without prior permission.

I have read, understand, and agree to abide by these rules and conditions. I understand that having my student bring their own device is a privilege, not a right; and that this privilege can be revoked for violations of these rules or any other Code of Conduct violation.
