Parent Communication

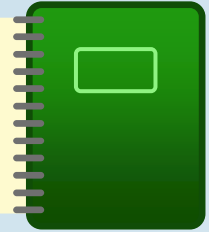

Create a designated learning space

Choose a designated learning space that allows your child to feel a sense of ownership and empowerment when they sit down to learn (i.e. nook in corner of room, wide hallway, etc.)

Ensure a relaxed and quiet environment

Minimize distractions by making sure all toys, games, and activities are tucked away during learning hours. Check for good lighting and ensure that the desk/table/chair is a comfortable height with legroom below.

Materials and Supply Station

Easy access to school electronic device, charger, and headphones. Have school books and supplies easily accessible at all times. Set up an area for supplies (pencils, crayons, markers, notebooks, etc.)

Have a daily schedule and routine

Having a daily schedule will help with morning, school day, and after school routines.
