

Good Morning Franklin Families,

We want to ensure clear communication in regards to grading in Quarter 4 as we are utilizing our virtual learning platform.

Quarter 4 grades are being collected through the use of assignments posted in each educator's Google Classroom. Each assignment is aligned to the recorded lesson posted

Your child will see 2 lessons and 2 assignments posted for each subject area throughout the week.

The following chart will guide your child with which lessons/assignments they will see posted on which day of the week.

| Monday | Tuesday | Wednesday | Thursday | Friday |
|--------|---------|----------------|-------------|----------|
| ELA | Science | Social Studies | Mathematics | Specials |

Ensure your child is viewing the recorded lesson and any additional resources posted, prior to completing the assignment.

Please assist us in reminding your child the following:

- To always try their best on each assignment by utilizing the recorded lessons and additional resources posted by each education.
- Each assignment will be **graded** and **posted** in PowerSchool for review within 72 hours of the due date.
- Each educator will be posting the Late Work Policy, as per our Parent/Student Handbook, in their Google Classroom for their review and utilizing the policy for any assignment turned in late assigned in Week 2 and moving forward.
- Visiting the educators in their Office Hours is a great way to gain answers to any questions they may have about the recorded lessons and/or posted assignments.

We understand that each family is dealing with their own challenges and obstacles during this time.

Please remember, we are here to support each of our families and to stay in consistent communication with each educator to ensure they know how to help each of your children through this process.

Sincerely,

Shaina Dillman
Assistant Principal
